Wirelessly.

Sunshine PC Solutions

is your "Go To" source for wireless networking. We specialize in wireless saturation of your entire hotel property. Your customer can be connected in their room, pool, or at the gazebo in the courtyard with full bandwidth. Coupled with our Hot Spot Management Solution you are in complete control. We can create controlled access networks guaranteeing your security and profitability.

Broadband Everywhere

As the dependency on the internet grows, the need for access to it everywhere does. People make their decision on which hotel or resort they are going to stay based on this amenity. Don't let your hotel fall behind on this key reason that guests choose their hotel/resort on. We can not only give you wireless but we can give you wireless Everywhere! Full saturation throughout the property. Every room to every corner of the property with full broadband speed and wired reliability.

Wireless In Every Room!

Can you afford not to?

We are so sure that you will greatly benefit from the advantages of wireless that we are willing to offer it to you for FREE! We offer a consignment option that will get all of the equipment, all of the installation, and all of the maintenance at no charge to you. No Risk! There are no expensive installation costs and no fees for maintenance and you will have a technician available 24 hours a day 7 days a week in the event of an emergency. We also offer unbeatable installation and equipment prices if you choose to purchase and have a system installed. We offer maintenance plans to ensure optimal performance and security of your new network. Sunshine PC Solutions takes all of the risk and uncertainty out of going WIRELESS!
